

A whimsical illustration of a beach scene. On the left, several tall, dark, textured pillars resembling sharpened pencils stand vertically. A seagull is perched on the tip of one of these pillars. In the foreground, a cartoonish character with a large nose and a blue jacket stands next to a wooden trash bin. To the right, a white dog with a patterned scarf is running happily. The background shows a blue ocean with waves and a pale, hazy sky with a few birds flying. The overall style is soft and painterly.
